

Health, Safety and Environment Policy 2017

MISSION STATEMENT

The Smart Choice for innovative and sustainable network infrastructure solutions, connecting customers globally with unrivalled value and service.

Brand-Rex Management and its employees are committed to:

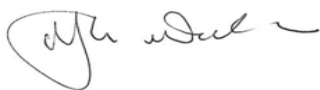

- Proactively manage all operations taking account of health, safety and environmental risks.
- Comply with applicable health, safety and environmental requirements laws and regulations.
- Apply industry best practice where legislation is lacking.
- Ensure strong visible health, safety and environmental leadership.
- Prevent pollution and minimise other adverse impacts on the environment.
- Support community initiatives that promote best practice.
- Maintain a safe working environment by implementing safe operating systems.
- Assure the health and wellbeing of our staff and contractors.
- Ensure those working on our behalf adopt similar high standards.
- Establish and Maintain Monitors to continually improve our performance.
- Having in place an Energy Policy outlining our commitment to monitor and reduce energy use.

To ensure the execution of this policy an Environmental and Health and Safety Management System has been established that complies with the International Standard ISO14000:2004 and HSG 65 Managing for Health and safety. This will ensure that management objectives and targets are established and reviewed on a regular basis. These objectives and targets will be based on a commitment to four EHS principles:

1. Prevention of pollution.
2. Prevention of accidents and occupational health.
3. Effective utilization of material and energy use.
4. Effective and responsible waste management and disposal.

Brand-Rex Ltd views itself as the market leader in environmental stewardship and will continue to have in place a commitment to remain Carbon Neutral in accordance with PAS2060. This will be achieved by continual monitoring and measuring of our activities in line with ISO14064 compulsory Scope 1 and 2 and voluntary Scope 3.

Brand-Rex Ltd will regularly review this policy and the EHS manual for applicable improvements, communicate it to all employees and persons working on the behalf, and make it available to the public and all interested parties. Local policies will be in place within our manufacturing facilities to support this group policy and further enhance Brand-Rex commitment to continual improvement and sustainable development.
